## EDUCATION

### Bachelor of Engineering - Computer Science and Engineering.

Jyothy Institute of Technology, Bangalore.

08/2019 - 05/2023

CGPA: 8.49/10

### PUC - PCMCs

Anand Ashram PU College, Bhatkal.

06/2017 - 03/2019

Percentage: 82.33%

## PROJECTS

### Stock Watchlist

- **Technology Stack:** ReactJs, React Router, Redux toolkit, Axios, Alphavantage API.
- Built a dynamic Stock Watchlist app with React and Redux Toolkit, enabling users to track stock data. Implemented features like add/remove stocks and utilized local storage for data persistence.

### Tracker (Chrome Extension)

- **Technology Stack:** HTML, CSS, JavaScript.
- Developed a Chrome extension using HTML, CSS, and JavaScript, enabling users to save and organize links or important points for easy future reference.

### Parkinson's Disease Predictor

- **Technology Stack:** VSCode, Anaconda, Python, HTML, CSS, JS, FastAPI, Google Colab, Anaconda.
- Developed a predictive model to identify Parkinson's disease, aiming to provide early detection and improve patient care. Implemented web development with HTML, CSS, JavaScript, and Python to create a dynamic and intuitive interface for user inputs. Created a REST API with FastAPI, allowing for quick integration with other services.

### Airbnb Clone landing page

- **Technology Stack:** React Js.
- Developed a immersive Airbnb landing page clone using React.js, featuring interactive search filters and smooth scroll.

### Railway Reservation System

- **Technology Stack:** Netbeans, Java, MySQL, Xampp.
- Created a computerized system for reserving train seats.

## EXPERIENCE

### Front-End Developer ( Intern )

PurpleData Inc

07/2023 - 09/2023

#### Achievements/Tasks

- Leveraged ReactJS to create intuitive web applications, introducing new functionalities and UI improvements, thereby enhancing user experience and ensuring timely project delivery.

## SKILLS

Programming Languages: Java.

Web Technologies: React Js , HTML, CSS, SASS, JavaScript.

Databases: MySQL, Xampp.

Tools: Git, GitHub, Figma, Netbeans, Android Studio, Visual Studio Code.

Operating Systems: Mac OS, Windows, Linux & Ubuntu (Familiar)

Leadership: Proven skills in teamwork and collaboration.

## INVOLVEMENT

Organized and managed JITHACK 2022, a technical event with a focus on promoting innovation and problem-solving skills among students.

Participated in Hackathon 2020, contributing to a team-based coding challenge and showcasing problem-solving and programming skills.

Participated in Gameathon 2019, demonstrating creativity and teamwork in designing and developing a game.

Represented Jyothy Institute of Technology in the VTU Volleyball Tournament, showcasing teamwork and sportsmanship.

## PROFESSIONAL CERTIFICATES

Web Development training Internshala.

Java (Basic) - HackerRank Assessment Certified.

UI&UX training Internshala

AWS Academy Graduate - AWS Academy Cloud Foundations.

Intro to Software Engineering Virtual Experience Program Forage
